5 real sources

- 1) **Nytimes.com** - The information quality is good and API's are also good to use.
- 2) **Bbc.co.uk** - Provides RSS feeds to gather data and is one of the reliable source
- 3) **Dw.com** - Focuses more on European region
- 4) **Aljazeera.com** - provides conflicting facts from western sources

5) **Fox.com** - provides really right side of political spectrum and generally considered less reliable
